

*Marion Kyritz-Kammerer*

**English Grammar and Pronunciation**

04 November 2013 – 20 January 2014, 10.30–12.45 h, on Mondays

Room 232, UHG, Fürstengraben 1

The workshop deals with a grammar review (tenses, word order, noun compounds and verb combinations, prepositions and comparatives). Another emphasis is on pronunciation skills like sound work, individual sounds, connected speech, stress and intonation. Moreover, word power is increased by phrasal verbs and idioms, synonyms and antonyms, false friends and tricky translations as well as major differences between British and American English. This workshop is not recommended for participants who have already spent some time in an English speaking country.

*If you're not sure of your English skills, please go to [www.examenglish.com](http://www.examenglish.com), level test, to determine your level of proficiency.*

*This workshop will be offered a second time as a block course on 18–20 December 2013. Please note that registration is only possible for one of the two courses.*
